## DR. CHAPMAN SOON TO BE MARRIED

Noted Evangelist to Wed Woman Greatly Interested in His Work.

Announcement is made of the engagement of Rev. J. Wilbur Chapman, D. D., who was the central figure of the notable series of revival meetings held in Richmond in January, 1909. His bride will be Miss Mabel Cornelia Moulton, daughter of Mrs. Ruth Weeden Moulton, of Providence, R. I. The wedding will be in August.

The Richmond meetings attracted the attention of the people of the entire extent perhaps equaled by nothing of the kind in years. They were held in the City Auditorium, which was crowded for each service long before the hour for the meeting arrived. Professions of conversion were made by the hundreds, the general opinion being that a great spiritual uplift resulted.

Dr. Chapman is fifty-one years old. Together with Dr. Charles M. Alexander, of New York, he is one of the leaders of the world last year, and returned only this week from a trip to England and Wales. While abroad a big meeting was held in Wales, while several important conferences took place in England and Scotland. On May 10, Dr. Chapman and Alexander will take part in a meeting in Carnegie Hall, New York.

**Was Former Pastor.**

Before becoming an evangelist Dr. Chapman served as pastor in New York and at Bethany Presbyterian Church, in Philadelphia. He is regarded as easily one of the best evangelists of the age.

Miss Moulton belongs to one of the oldest families in Providence. She is a member of the First Baptist Church of that city, the oldest church in America, which was founded on May 10, 1639. She is a descendant of five of the charter members of that congregation.

A young woman with conservative manners, a charming personality and brilliantly educated, Miss Moulton is expected to be a great help to Dr. Chapman in his work. For four years she studied in Brown University and has always interested herself in philanthropic work. She has given largely to educational institutions and has taken an active interest during the last two years in the world simultaneous revival movement, originated by Dr. Chapman. Dr. Chapman and Miss Moulton plan to live in Jamaica Estate, Long Island. Dr. Chapman's daughter by his first marriage, Miss Bertha Irene Chapman, was married two years ago to Rev. Columbus Polk Goodson, pastor of Highland Park Presbyterian Church, Chicago.

**VIRGINIA HISTORICAL SOCIETY WANTS HOME PRESERVED**

The regular monthly meeting of the executive committee was held in the society's house yesterday, those present being President Dr. J. C. Richardson, Messrs. S. S. Patterson, J. Stewart Bryan, John P. McGuire, Jr., and W. G. Standard.

The business of most general interest was the adoption by unanimous vote of a resolution giving hearty approval of the proposition originated by Dr. Richardson, to place the National Battle Monument in the custody of the Association for the Preservation of Virginia Antiquities, to be preserved as near as possible in its original form as a memorial of America's greatest judge and a museum of relics of him and his times. The members of the committee were very enthusiastic in their approval of the matter, and it is felt that the resolution represents the sentiment of every one of the 750 members of the society.

It was ordered that the part of the society's list next to the post-office be turned.

Numerous books and pamphlets were received during the month, including, as a gift from the author, J. C. Wiles' valuable "Index to Meade's Old Church," etc. The National Battle Monument Association of Canada presented a very handsome bronze medal commemorating the foundation of Quebec by Champlain.

Several new members were elected.

## CHANGE IN TAXES ON FOOD PRODUCTS

Tonnage Tax on Wheat and Corn Manufactures Will Be Abolished.

### BIG VIRGINIA LAND DEAL

Timber to Be Made Into Barrels. New Member of State Health Board.

Material changes will be put into effect on July 1 in some of the laws governing the duties of the State Dairy and Food Commission. The modifications, as decreed by the General Assembly, include the abolition of the tonnage tax on the pure by-products of wheat and corn and the substitution thereof of a registration fee.

Heretofore a tax of 15 cents a ton has been imposed on unmixed bran, chop and similar products. This will in future be applied only to mixed feeds.

All mills which make pure by-products will be required to register with the department, paying a tax therefor. The amount ranges from \$5 to \$20 per year, being based solely on the capacity of the mill. It is predicted in some quarters that this will work a hardship on some small milling concerns while on the other hand it is pointed out that a tax of \$5, which is the amount if the output is trifling, will hurt nobody. The limit of \$20, however, may prove a saving to the larger mills. It has always been claimed in respect to the tonnage tax, as with the fertilizer tax, that the consumer pays the freight. The benefit of course, derived from the official inspection of the article offered for sale.

## PITIFUL CASE OF SKIN DISEASE

When Two Months Old, Baby had Pimples Spread All Over Body—Broke and Left Skin Like a Scald—An Awful Sight—Doctor Afraid to Put His Hands on the Child.

### CURED AT SLIGHT COST BY CUTICURA REMEDIES

"Our baby when two months old was suffering with terrible eczema from head to foot, all over her body. The baby looked just like a skinned rabbit. We were unable to put clothes on her. At last we were told to use Cuticura. We used one cake of Cuticura Soap, two boxes of Cuticura Ointment and one bottle of Cuticura Resolvent. In three days the baby was cured. The doctor was afraid to put his hands on the child. We tried several doctors' remedies but all failed. Then we decided to try Cuticura. By using the Cuticura Ointment we softened the scab and it came off. Under this, where the real matter was, by washing with the Cuticura Soap and applying the Cuticura Ointment, a new skin soon appeared. We also used the four drops of the Cuticura Resolvent three times daily. After three days you could see the body gaining a little skin which would peel off and heal underneath. Now the baby is a fat little baby and all is well. We only used one cake of Cuticura Soap, two boxes of Cuticura Ointment and one bottle of Cuticura Resolvent. I can't tell you how much Cuticura there would be few suffering with eczema. Mrs. Joseph Kossman, 7 St. John's Place, Ridgewood Heights, L. I., N. Y., Apr. 30 and May 4, 1907."

Cuticura Soap (25c), Cuticura Ointment (50c), and Cuticura Resolvent (50c), for the cure of Eczema, Psoriasis, Itch, and all other skin diseases, are sold everywhere. Write for a free booklet on the treatment of skin and hair troubles.

ceipts from license taxes, especially from liquor licenses, are estimated to amount to a total of about \$1,000,000, and all of this will be paid to the State within the next few weeks by the various county and city treasurers. A good deal of it has already been received.

The taxes on banks, totaling perhaps \$150,000, and due this month, are also reaching the treasury. Besides, the demands are not great at this time of the year, running expenses being about all that is to be paid.

On July 1 the next big payment is to be made. This is interest on the public debt, amounting to about \$410,000.

### \$100,000 DEAL FOR LAND

Five Thousand Acres Purchased by New Yorker in New Kent County.

A purchase of Virginia land amounting to \$100,000 is no small event. This has been consummated in New Kent and Charles City counties by James A. Perry, of Chamberlain, N. Y. A total of 5,000 acres is involved.

About 5,000 acres is in timber, some of it being of fair size. This will be the larger lumber being marketed and the smaller manufactured into barrels. The work of making potato barrels has already been begun, the plant being equipped with two engines and proximately 250 horsepower. Later, in season, barrels will be made to contain lime and crates for vegetables.

When the timber has been cut it is planned, according to the owner, who called on Commissioner Kolner's office yesterday, to divide the property into small tracts of land to be sold for farming purposes, especially for trucking.

A good-sized fishing shore on the Chickahominy is included in the property. The land lies near Boulevard, a small town will be built at Windsor Shades. Another purchase has been made by a Northern capitalist—Hugh Murphy, of Pittsburgh. Mr. Murphy is a business man who plans to send his son to school in Virginia and to let him manage a farm. The property bought by him consists of 1,000 acres at Irwin, in Goodland county.
